

EMERGENCY 2013

EMERGENCY 2013

"[EMERGENCY 2013](#)" was released on 9th of November 2012 by developer Quadriga Games and publisher Deep Silver. The addon contains all the contents of [EMERGENCY 2012](#) and extends the campaign by four missions. The missions are arranged in a mini-campaign, in which a super-volcano threatens the European continent. In addition to the four new missions, [EMERGENCY 2013](#) offers a new firefighting drone and a redesigned and scenario-adapted freeplay map.
